Health Service System

CITY & COUNTY OF SAN FRANCISCO

MEMBERSHIP DEMOGRAPHICS 2009

Overview

The Health Service System provides medical benefits to the employees and retirees of four major San Francisco public-sector employers – the City and County of San Francisco, the San Francisco Unified School District, the San Francisco Community College District and the San Francisco Superior Court. The following pages contain a snapshot of our membership demographics as of July 1, 2009. Since our last report of July 1, 2008, the System has seen a decrease of 703 in total covered lives under our medical plans. This reflects a reduction in active lives covered (-1,203) and a small increase in retired lives covered (+500).

Elimination of the PacifiCare plan resulted in the migration of 4,519 members to other HSS plans. A total of 4,156 members moved to the HSS Blue Shield plan; 208 members moving to the HSS Kaiser plan, and the balance moved to the City Plan. There were 59 default elections to City Plan. Blue Shield now covers 45% of our members, Kaiser 45% and City Plan 10%.

In addition, the System provides dental benefits to eligible active employees of the City and County of San Francisco and to all retired members and their dependents. Since our last report of July 1, 2008, the System has seen a slight increase of 222 in total covered lives under our dental plans.

Finally, this report also surveys medical plan participation by county and provides an overview of Flexible Spending Account (FSA) participation.
