## MEMBERSHIP DEMOGRAPHICS AS OF JULY 1, 2011

### Overview

The Health Service System administers health benefits for the employees and retirees of four major San Francisco public-sector employers – the City and County of San Francisco, the San Francisco Unified School District, the San Francisco Community College District and the San Francisco Superior Court. The following pages contain a snapshot of our membership demographics as of July 1, 2011.

### Medical Plans

Since our last report of July 1, 2010, the System has seen an increase of 1,211 in total covered lives under our medical plans. This reflects a reduction in active covered lives of 385 and an increase in retired lives covered of 1,596.

A significant number of members and their dependents migrated from Blue Shield and City Plan to Kaiser. Blue Shield experienced a reduction of 779 covered lives or about 2% of its membership. City Plan lives fell 603, 5% of its membership. For the second consecutive year, Kaiser lives increased about 5%. In 2011 Kaiser gained 2,485 new members and dependents.

Total Lives–Medical	July 1, 2010	July 1, 2011	Change
Blue Shield HMO	45,388	44,609	(779)
Kaiser HMO	49,971	52,456	2,485
City Health Plan PPO	10,186	9,601	(495)
Total Lives	105,545	106,756	1,211

Both active and retiree members and their dependents migrated to Kaiser, with 1,682 active lives and 803 retirees and their dependents joining the Kaiser plan. Year over year, Blue Shield lost about 5% of their active lives—3,620 active members and their dependents. This was offset slightly by 888 retirees who joined the Blue Shield plan as of July 1, 2011. The City Health Plan lost 400 active lives and 95 retired lives since our last report.

Active Lives–Medical	July 1, 2010	July 1, 2011	Change
Blue Shield HMO	36,396	34,729	(1,667)
Kaiser HMO	35,929	37,611	1,682
City Health Plan PPO	1,881	1,481	(400)
Total Lives	74,206	73,821	(385)

Retiree Lives–Medical	July 1, 2010	July 1, 2011	Change
Blue Shield HMO	8,992	9,880	888
Kaiser HMO	14,042	14,845	803
City Health Plan PPO	8,305	8,210	(95)
Total Lives	31,339	32,935	1,596

There is an increase in 983 retiree lives enrolled in Medicare this year. About 65% of this increase (an estimated 603 members) is attributable to HSS Medicare-eligibility audits and member education. Because Medicare is the primary payer for these individuals, this results in substantial savings to the employers served by HSS.

### Dental Plans

In addition, the System provides dental benefits to eligible active employees of the City and County of San Francisco, all retired members, and eligible dependents. Since our last report of July 1, 2010, the System experienced an increase of 1,611 in total covered lives under our dental plans. The overall increase is due primarily to additional enrollment of dependents in the dental plans. Also, despite a new Delta Dental premium, active lives enrolled in Delta Dental increased. (See page 13.)

Total Lives–Dental	1-Jul-10	1-Jul-11	Change
Active	66,271	66,250	(21)
Retiree	22,862	24,494	1,632
Total Lives	89,133	90,744	1,611

### Flexible Spending Accounts

Finally, this report also provides an overview of Flexible Spending Account (FSA) participation. FSA benefits were promoted in the Open Enrollment packets this year. Even though federal healthcare reform limited FSA reimbursement for over-the-counter medications, the level of participation in the FSA program shows a 9% increase, or 284 new members, since our last report of July 1, 2010.
